

As a citizen, I am appalled at the unprecedented consolidation of power and information into so few hands. The airwaves are public property and broadcasters must serve the public interest in order to continue to operate. I do not believe further media consolidation is in the public interest. In fact, increased consolidation will undermine, restrict, and inhibit the free and full discourse necessary in a democracy. To consider making such a decision in closed session, with essentially no opportunity for public input, is unconscionable.

Please postpone the vote scheduled for tomorrow, and when you do vote, please vote no for additional media consolidation.
